## ■ [Express Email Marketing, the LEGAL way to promote your Business!](#)

Face it: There's a right way and a wrong way to do most everything. This is particularly true when it comes to email marketing. The last thing any law-abiding citizen ever wants is to be associated with spam. **That's why we created Express Email Marketing. Now you can enjoy all the benefits of email marketing ?and steer clear of ever being considered a spammer.** No one wants to receive marketing emails they didn't request. That's true! But there are many people who want to know about your products, company or organization. These people will welcome hearing from you and actually look forward to getting your emails.

## ■ [SSL Certificates, Secured Data and Transactions](#)

People are getting smart about online security. More and more of them are looking for the padlock icon and "https" prefix in the address bar of their browser before submitting personal information online. If your Web site doesn't have an SSL Certificate, visitors may leave before making a purchase, creating an account or even signing up for a newsletter. But you can change all that with an SSL from Odav OnLine Research Cafe.

*Odav OnLine Research Cafe provides world-class hosting every bit as good – and often better – than that which a hosting-only company might offer. They take pride in our operations being superior. In fact, because unlike many competitors, we own, operate and support the hosting services we provide, down to the very last cable and disk. Visit [www.odavhost.com](http://www.odavhost.com)*
